# Sprint 1

| Date-time | 06.04.2022 |
|---|---|
| Attendees | Adrian, Adriana, Agostina, Georgiana, Vlad, Khaled, Luis, Morten, Tabita, Tomas, Stefania |
| What to start doing | Everybody should start documenting the meetings<br>Organise work in the way that everyone has something to do<br>Better communication between teams<br>Test more |
| What to stop doing | Underestimating tasks<br>Waste time<br>Require more people than necessary |
| What to continue doing | Everybody should continue asking for help from others when they encounter an issue they cannot solve |

# Sprint 2

| Date-time | 04.05.2022 |
|---|---|
| Attendees | Adrian, Adriana, Agostina, Georgiana, Vlad, Khaled, Luis, Morten, Stefania, Tomas |
| What to start doing | Ask other group members when help is needed or someone is stuck :).<br>Update the branches as often as possible<br>Communicate to the team when attendance to the meetings or working on sep is impossible<br>Focus on communication between the teams<br>In case of disagreement with implementation, let the person who wrote the code to know before refactoring |
| What to stop doing | Refactoring without discussing with the rest of the team members<br>Not having realistic arguments regarding reasons for not attending<br>Refactoring other people's code |
| What to continue doing | Communicating |

# Sprint 3

| Date-time | 19 May - 15:00 |
|---|---|
| Attendees | Adriana, Agostina, George, Georgiana, Vlad, Luis, Morten, Stefania, Tabita |
| What to start doing | Ask others to help them if you are done with your task, not implementing something without their notice.<br>Show understanding and start writing documentation.<br>Book a meeting with the supervisors. |
| What to stop doing | Implementing others' tasks and not communicating about what was done and why. |
| What to continue doing | Completing tasks<br>Asking for supervisor's advice when we find any issues |

# Sprint 4

| Date-time | 24/05/2022 15:00 |
|---|---|
| Attendees | Adrian, Adriana, Agostina, George, Vlad, Luis, Khaled, Morten, Stefania, Tabita, Tomas |
| What to start doing | Completing documentation, focus more on implementation, read documentation regarding android implementation |
| What to stop doing | Waste time on unnecessary things |
| What to continue doing | Schedule meetings with supervisors |

# Sprint 5

| Date-time | 27/05/2022 |
|---|---|
| Attendees | Adrian, Adriana, Agostina, George, Georgiana, Vlad, Luis, Morten, Stefania, Tabita |
| What to start doing | Android should work on documentation<br><br>DAI has to refactor API test tables |
| What to stop doing | Not asking for help, writing inconsistently in the documentation, splitting the tasks badly. |

| What to continue doing | Refactor code and documentation, help others |
|---|---|

# Sprint 6

| Date-time | 01/06/2022 |
|---|---|
| Attendees | Adrian, Adriana, Agostina, George, Georgiana, Vlad, Khaled, Morten, Stefania, Tabita, Tomas |
| What to start doing | Hand in |
| What to continue doing | |
